#### BLADDER TROUBLES.

The bladder was created for one purpose namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidney is the chief cause of bladder troubles. It is comforting to know that Dr. Kilmer's Swamp-Root fulfills every wish in quickly curing bladder and uninary troubles. It corrects frequent calls, inability to hold urine and scalding or stinging pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. CAN SEND RELIEF TO CUBA.

No Customs Duties To Be Pald on Contri-

Havana, Dec. 27.—Captain General Blanco has cabled to the Spanish minister at Washington, Senor Dupuy de Lome, that Americans have authority to send supplies to the reconcentrados of the island without paying customs duties. General Pando, the Spanish commander-in-chief in the field, who with an escort recently landed on the south coast of Santiago de Cuba in order, according to the official report, to reconnoiter that part of the island, has not been heard from for five days. It was announced that he had arrived safely at the city of Santiago de Cuba, but the report was subsequently officially denied and it was said that the general had attacked the insurgents in that province with strong columns of troops, the enemy accepting battle.

Still another report has it that General Pando has arrived at Baire, in the province of Santiago de Cuba. In that vicinity and in the Bayamo department the insurgents are said to be in force, well armed and supplied with ammunition. They are under the command of Calixto Garcia and Rabi.

### JAPAN READY FOR WAR.

Prepared to Act with the British in the Waters of China.

TWENTY SHIPS AWAIT INSTRUCTIONS

Expectation That if Realized Will Set the Guns A-Going-Report on the Situation In India - News from Cuba.

London, Dec. 29 .- A special dispatch from Shanghai dated yesterday says: "It is reported that a Japanese fleet of twenty warships is waiting near Goto island, outside Nagasaki, fully equipped for war and only awaiting instructions This includes the Yashima and the Fuji, two of the finest vessels in the Japanese navy; and the Chen Yuen, that was captured from China. The Japanese fleet, it is understood, is acting in close touch with the British squadron under Vice Admiral Sir Alexander Buller, commander-in-chief on the China station. Japan will certainly oppose a permanent Russian occupation of Port Arthur. The sudden dissolution of the Japanese diet was owing to the war spirit. It is expected that the Japanese fleet will attempt to prevent the landing of reinforcements from Odessa for the protection of the Russian Trans-Asiatic railway in Manchuria."

Quite a New Story from India. London, Dec. 29.-A dispatch from Peshawur says: "The British columns have returned form Khyber pass after punishing, with slight opposition, the Zakka-Khels in the Bazar valley. Military operations on the frontier are now concluded. Every Afridi and Orakzai valley has been visited. It now apears that the enemy's loss has been more severe than was at first believed, and out of all proportion to his possible fighting strength. His trade with our centers for the necessities of life has been closed, and his autumn tallage prevented. The complete submission of the Orakzals is now accomplished. Many hitherto unknown strategical frontier routes have been surveyed and mapped out. The vaunted prestige of the Afridis has been lowered, and their punishment has paved the way for the permanent settlement of the country. It is firmly believed that, cut off from India and threatened with a reinvasion of their country in the spring, they will now submit."

The Struggle in West Africa.

Lagos, West Coast of Africa, Dec. 29. -Hesha and Berehara, important Bariba towns, have been occupied by the Lagos Hausas. The inhabitants are enthusiastic over the presence of the British flag, as they feared an attack from French native troops who are endeavoring to force themselves on the Barlba country and are devastating it.

CHINA NOT TO BE DIVIDED UP. Ah Sin Will Rely on Russia to Check the European Raid.

Washington, Dec. 29 .- There is no present possibility of the dismemberment of China. If worst comes to worst, China will rely on Russia as her natural ally. Such is the opinion entertained by Wu-Ting-Fang, the Chinese minister to this country. "I am of the opinion," said Fang, "that the alleged intention of the powers to partition the Chinese empire has been grossly exaggerated. What has China done to be divided up and parceled out among the powers? What are her offenses against nations or against the civilization of the epoch in which we live? Germany is incensed, we are told, because two of her citizens have been murdered. Well, if this be true, my government will make all the reparation that lies

in its power. "It has never refused to do that, and having never refused there is no necessity for German ships of warlanding men for the purpose of seizing Chinese territory. They talk of dismembering China. Why do they not partition Turtey? That country was long the scourge of Europe. But the Chinese never bothered anybody; they kept well within their boundaries. Much of the trouble that afflicts China at the present time emanates from the foreign merchants located within her boundaries. These foreigners continually insist upon reforms. Some of our young men, also, are impatient and restless because the government moves slowly in the insti-

tution of reforms. "The truth is the government is moving as fast as it safely can. We can safely move no faster than we can educate the masses. As far as Russia is concerned we are on terms of the warmest friendship with her.

nouncements from Spanish sources the combined operations undertaken by General Aguirre in the province of Santa Clara have resulted in the capture of an insurgent camp, twenty of the enemy being killed and three captured. The Spanish loss was two men killed and seven wounded. It is further reported that the Spanish troops have been engaged with the insurgents commanded by Napoles. In this case the insurgents are said to have lost several men killed, and the Spaniards say that after the engagement an insurgent captain and seven armed privates surrendered. Advices from Manzanillo say that Spanish troops have left there to relieve the garrison of Santa Cruz, which is threatened by the insurgents.

A report is current here that the son of Calixto Garcia died recently from wounds received during the insurgent attack upon Guamo. The insurgents have dynamited a railroad bridge at San Rafael, between Minas and Campo Florida, this province.

Springfield, Ills., Dec. 29.-Argument is being made in the circuit court of Sangamon county for a new trial in the case of James Mingle, who was found guilty on the charge of murdering the infant of Mary Briscoe some time ago. The mother was brutally assauted about the head with a hatchet at the same time. Mary Briscoe does not wish Mingle to hang, and her testimony will have a strong effect for a new trial.
